IVAM PRESENTATION AREA HALL F, LEVEL B2 (2V27)

SEPTEMBER 9, 2026, 13:30 & SEPTEMBER 11, 2026, 10:30

*Next-Generation Vascular
Access for Emergency and
Intensive Care:*

*User Needs, Innovation, and Hands-
On Demonstrations
of Prototypes on Vein Models*

Dr. Jens Ebnet
Ebnet Medical GmbH, DE

*What Do Users Expect from
Medical Technology?*

Next-Generation Vascular Access

*Prototypes and Hands-On
Demonstrations*

Q&A and Discussion

SEPTEMBER 10, 2026

IVAM-Session „High-tech for Medical Devices“

Session Chair: **Dr. Jens Ebnet**, Ebnet Medical GmbH, DE

13:30 *Opening*

13:35 *Introduction to IVAM – Building Business Connections
in Europe's High-Tech Ecosystem*

Tim Merforth

IVAM Microtechnology Network, DE

13:45 *Scalable Micro Structuring of Glass for
Microfluidic and Photonic Applications*
Lukas Greuter, IMT Precision on Glass, CH

14:05 *How Micronit Contributes to High-Tech
Medical Devices Using Microfluidics*

Remco De Jong, Micronit, NL

14:25 *Advantages of Conformal Coatings for Medical Devices*

Hoon Keat, Specialty Coating Systems -
World Headquarters, US

14:45 *Driving Efficiency and Operational
Intelligence with AI CLAIR*

Danny Yeoh, camLine GmbH, DE

15:05 *Next-Generation Vascular Access*

Dr. Jens Ebnet, Ebnet Medical GmbH, DE
